STAIN PROTECTION WARRANTY

We've Got You Covered

Most natural stones need to be re-sealed every 1-2 years to help resist dirt and spills that can cause etching and staining. How often you seal depends on the amount of use your countertop gets. Alternatively, protect your investment with a hassle-free countertop stain protection warranty. There's no need for you to re-seal your countertop while its under warranty, for up to 15 years.

BENEFITS

- › Long-lasting industrial sealant
- › Low maintenance
- › Avoid regular re-sealing every 1-2 years.
- › Should a stain occur, a professional technician will come remove it
- › Preserve the beauty and shine of your natural stone
- › Countertop replacement if a stain can't be removed

Warranty specifics

By Purchasing the Granite Surfaces of Texas by Next Door Home Services Stain Protection Warranty ("Warranty"), the natural stone countertop surfaces ("Sealed Countertops") will be treated with an approved Stone Sealer. The Sealed Countertops will be resistant to common stains caused by food and beverages. The Warranty is subject to the terms, conditions, and limitations below.

If Granite Surfaces of Texas determines that a stain is covered under the Warranty, a service technician will be sent to remove the stain, more than one visit may be required. The Sealed Countertops must be made available to the service technician for stain removal. If the stain is unable to be removed from the surface, the affected area of the countertop will be replaced to include all material and labor costs within reason at the discretion of Granite Surfaces of Texas. Costs of the plumbing, electrical work/repair, or replacement of backsplash (unless cut with same material as the Sealed Countertops) is not covered. Natural stone varies in color, and although the best effort to match existing stone will be made, Granite Surfaces of Texas does not guarantee the replacement stone will match exactly. If the color of the Sealed Countertops is no longer available, customer may choose from a provided list of similarly priced stone. Special circumstances may occur in which additional adjacent pieces may need to be replaced. Any replaced pieces will only be covered for the remaining warranty period.

Warranty Period:

- Residential countertops (interior) – 15 years from date of installation
- Commercial countertops (interior) – 5 years from date of installation

This Warranty is fully transferable to a new owner of the countertops with proof of purchase. To make a claim, contact Granite Surfaces of Texas by phone, mail, or email.
